GUT REBALANCING PROTOCOL

MOVEMENT AND HYDRATION PRESCRIPTION, WEEKS 1 – 4

How to track… Every day, log your previous day's completed Movement & Hydration i.e., On Tuesday fill in Monday's, on Wednesday fill in Tuesday's etc.

You must follow this Movement and Hydration prescription daily, exactly as prescribed… NO more, NO less.

- Calculate your Required Daily Hydration… your current weight '__' kg x 33.33 ml. Enter here_____.
- Record the date and use the YIN YOGA video that matches the DATE *i.e., Day-9 video on 9th, Day-10 video on 10th etc.*
- Record your Yoga finish time *i.e., the time you finish your session*. On REST days you STILL do your before bed Yin Yoga!
- Record your slow-paced BAREFOOT WALK location and duration.
- Record your day's HYDRATION total *i.e.,* how much you drank each day (water & herbal teas).
- Record the % of time you did Stretch, Decompress, Hydrate [SDH] sequence, every day, even on days off & weekends.

Please stop all other forms of exercise (you'll find out WHY in Module 3)with the exception of specific rehab exercises your health professional has given you, or strength training 2-3 times a week if you're currently on strength-program. This is for now, not forever! Any questions, please ask in the LIVE Q&A Broadcast post.
